VIVA! Communications – Endnote

Example of VIVA! Communications referencing on Endnote:

Obstructive HCM is caused when the walls of the left ventricle become so thickened that they obstruct blood flow out of the heart, causing the heart to stiffen, this obstruction makes it harder for the heart to beat.¹⁻³

To set up referencing style:

1. Open Endnote library
2. Click 'Edit' from the top menu bar
3. From the dropdown menu, click 'Output styles'
4. Edit the Vancouver referencing style
5. On the left-hand menu bar, under 'Citations', click 'Templates'
6. In the templates page, under 'citations' ... default: (Bibliography.Number) ... change to: Bibliography.Number
7. Press X and name the citation style (VIVA!)
8. Open word file
9. In the Endnote on the Word file, pick your edited style as your Output style
